Knock knock.

Who's there?

Data.

Data who?

Data you have enough  
storage for all my files or  
do I need to upgrade my  
hard drive?

## Digital Strategy for the Library of Congress

The Library of Congress's mission is to engage, inspire, and inform the Congress and the American people with a universal and enduring source of knowledge and creativity. To accomplish that mission, the Library is adopting a digital-forward strategy that harnesses technology to bridge geographical divides, expand our reach, and enhance our services. This document describes how we

# Looking Ahead for the Library

Digital is a part of everything we do

Expanding our ability to understand our users and engage with them where they are

Elevating and enabling the use of data is essential for everyone

Diversity, inclusion, and accessibility are important to both external audiences and internal staff

Encouraging and supporting collaboration across agency silos is critical

# Thank You
